Foreword

TFCC (Thailand Forest Certification Council) is a national organisation, promoting sustainable forest management through Forest Management certification, Chain of Custody certification and labeling of forest based products. Products with TFCC claim and /or label deliver confidence that raw material originates in sustainably managed forest.

In Thailand, F.T.I. (The Federation of Thai Industries) is acting on the PEFC Council's behalf as PEFC authorised body, based on an administration contract signed with the PEFC Council.

In terms of the organisational chart, TFCC is acting as both an authorized body of F.T.I. and a focal point of Institute of Agro-based Industries (I.A.I) on behalf of PEFC Council

Introduction

TFCC works and procedures are based on documented information with a broad spectrum of users ranging from users of TFCC system, organisational developing forest certification system, TFCC members as well as TFCC's itself. The broad range of the documented users therefore increases the needs for TFCC documented information such as:

- a) to define clear and unambiguous provisions,
- b) to be uniform of structure, of style and terminology to ensure homogeneity,
- c) to be consistent within the complete corpus of TFCC documented information.

1 Scope

The documented information covers requirements for identification, status (mandatory or voluntary provisions). The development and public availability of the documented information has developed and governed by TFCC.
